

MAAJID HOTEL & SANATORIUM GUBA

"MAAJID Hotel & Sanatorium" is the best place of your health and wellness in Guba

The new complex, based on an ideal method of wellness and rejuvenation, is located on the banks of the Gudyal River, surrounded by the peace and tranquility of the magnificent Guba.

If our philosophy could be translated into the language of landscape, it would be the tranquility of the forests of the Guba region, the silence of its lakes, the energy of its waterfalls and the elegance of its hills. A perfect place offering a unique combination of tranquility and energy as well as breathtaking beauty. Maajid Hotel Sanatorium is an ideal place to get away from the noise and worries of crowded cities and to regain the strength and energy that everyday life takes away from us.

Along with the opening of the new space, our therapeutic approach has also expanded. Combined with powerful and unique treatment protocols, this allows our specialized specialists to provide each guest with an individual program tailored to his or her individual health condition.

Based on years of research, a unique set of effective treatments have been developed that are delivered in a short period of time. These unique techniques are designed to help the body rid itself of toxins, absorb nutrients, increase vitality and energy levels, and return the body to physiological balance, which has a long-lasting healing effect. Treatment results can be improved by making the recommended lifestyle adjustments to suit individual needs.

Correct diagnosis is achieved through a holistic approach, which is a prerequisite for assessing the guest's state of health and drawing up an individual treatment program. Correctly selected procedures stimulate the body to create its own defense system, help restore and preserve energy, functionality, inner harmony for a long time.

Our guests are accompanied by high-level medical specialists in the field of sports fitness, prolotherapy, tonic procedures, acupuncture, aesthetic medicine, osteopathy, ozone therapy, hijama, hirudotherapy, therapeutic baths, salt room and physiotherapy. At the same time, examination and treatment of endocrinological diseases was organized in our complex. The feeling of comfort provided by the landscape of Guba motivates people to increase their vitality, encouraging them to engage in physical activity such as walking and jogging. The indoor swimming pool and Finnish bath in our hotel create the perfect relaxing atmosphere. Our guests are impressed by the elegant and impressive view from every window and balcony of the 76-room residence of our complex.
